**Listing of Claims:**

Claims 1-25 (canceled).

Claim 26 (currently amended): A fence assembly comprising:

a fence beam; and

a fence head connected to the fence beam, the fence head comprising:

a main body;

a rod having two ends and rotatably connected to the main body;

a first cam disposed at one end of the rod; and

a second cam disposed at the other end of the rod;

a handle connected to the rod, where movement of the handle causes rotation of the cams;

a first movable plate contacting the first cam, the first movable plate being movable between a first position contacting the fence beam and a second position not contacting the fence beam; and

a second movable plate contacting the second cam, the second movable plate being movable between a first position contacting the fence beam and a second position not contacting the fence beam;

wherein the first and second movable plates are separate.

Claim 27 (canceled).

Claim 28 (original): The fence assembly of Claim 26, wherein the rod has a square cross-section.
